‘UCT developed the platform to demonstrate how **structures that perpetuate inequality and exclusionary practices can be dismantled**’

Diamond OA models seemed out of reach

Securing non-BPC based OA funding via renewable memberships from dozens of universities

Collective, Connected, Sustainable

A charity bringing together publishers, publishing service providers, and scholarly libraries to secure the diversity and financial futures of open access book production and dissemination.

Watch Video

Prosperous OA Communities

Creating a space for publishers, service providers, libraries and others to learn, network and support each another.

Sustainable Funding

Delivering new, more reliable revenue streams to small to medium-sized publishers, helping them move away from relying on book processing charges.

Robust Infrastructures

Delivering new financial resources to the vital infrastructures of OA book publishing, while making it easier to integrate OA books into library catalogues.

Diversity in OA

Supporting a variety of approaches to OA publishing, while making OA for books more accessible to a wider range of authors and institutions.
